HUNTER SAFETY

“All hunters must be aware of the danger in not positively identifying your target before squeezing the trigger!”

We hope that our policy of bucks only and a limited doe harvest each year, encourages and teaches those skills of positively identifying a deer before shooting.

Not only do you have to make sure it's a deer, you also have to ascertain weather it is a male or female.

We also insist that a hi viz blaze orange vest is worn at all times while hunting here at Woodhill, even on top of your swannies.

Because it can at times become very warm whilst hunting, don't forget to put your vest back on after removing your swannies. we are totally convinced that the **selective hunting** we promote, and the policy of having every hunter in a **hi viz blaze orange vest** has helped to keep everyone safe during the hunting season in Woodhill. **W.F.M.C**

“HUNTECH”

QUALITY OUTDOOR CLOTHING AND ACCESSORIES

**Including
Packs, Bivvys, Sleeping Bags, clothing etc..**

**Obtain your BLAZE ORANGE VEST which must be worn
by all hunters at Woodhill regardless of any other blaze orange
items being worn.**

Available from.
